

## **CACI Ranked as a 2018 Best Company for Veterans Careers on Monster and Military.com**

Arlington, Va., November 8, 2018 - CACI International Inc ([NYSE:CACI](#)) announced today that it has been ranked second on the fourth annual Monster and Military.com Best Companies for Veterans List for its dedication to providing jobs for veterans. The list, which crosses information technology, defense, government, transportation, and consulting industries, is based on nominations from veteran hiring experts of best-in-class companies with proven veteran hiring and retention practices and self-reported data from the nominees on percentage of 2018 veteran hires, total hires, and additional veteran support initiatives.

A new entrant to the Monster and Military.com Best Companies for Veterans List, CACI earned the high ranking because of its strong percentage of veteran hiring, with 47 percent of new hires in 2018 being veterans. Another selection factor was the composition of CACI's workforce, with more than 37 percent of employees being veterans or current members of the National Guard and Reserves. CACI also ranked high for its focus on assisting veterans as they transition into the corporate world with mentorship opportunities, a Veterans Employee Resource Group, specialized skill enhancement programs, and job opportunities in fields closely aligned with their military occupational specialties.
