#### ITEMS 2.02 RESULTS OF OPERATIONS AND FINANCIAL CONDITION; REGULATION FD DISCLOSURE and 7.01:

On October 26, 2016, the Registrant released its financial results for the first quarter fiscal year 2017.

A copy of the Registrant's press release announcing the financial results as well as the schedule for a conference call and "web cast" on October 27, 2016 is attached as Exhibit 99 to this current report on Form 8-K.

Revenue, operating income, and net income for the first quarter of Fiscal Year 2017 (FY17) increased compared to the first quarter of Fiscal Year 2016 (FY16) driven by revenue of \$254.3 million from the NSS acquisition. The higher than planned operating and net income was due primarily to core CACI contract performance, and the timing of certain contract actions. Cash provided by operations in the quarter was \$57.8 million.

### Additional Financial Metrics

	Q1, FY17	Q1, FY16	% Change
Adjusted earnings before interest, taxes, depreciation and amortization (EBITDA), a non-GAAP measure (in millions)	\$88.2	\$79.3	11.3%
Diluted adjusted earnings per share, a non-GAAP measure	\$2.07	\$1.87	10.7%
Days sales outstanding	59	58	

### First Quarter Awards, Contract Funding Orders, and Other Highlights

Our contract awards in the quarter were \$1.9 billion, which excludes ceiling values of multi-award indefinite delivery, indefinite quantity (IDIQ) contracts. Approximately 20 percent of our awards were for new business.

Key awards in the quarter included:

- A \$144 million prime contract award with a classified customer.
- A \$93 million prime contract to provide tactical communications engineering and maintenance support services to the U.S. Immigration and Customs Enforcement (ICE). This four-and-a-half-year contract expands both the scope and size of CACI's ICE support and increases the company's business in its Communications market area.
- A prime position on a multiple-award IDIQ contract to provide background investigation fieldwork services to the Office of Personnel Management (OPM). The five-year contract represents continuing work for CACI's Investigation and Litigation Support market area.
- A prime position in the Full-Motion Video functional area of the \$978 million Multi-Intelligence Analytical and Collection Support Services multiple-award IDIQ with the National Geospatial-Intelligence Agency. CACI has also received the first task order to be awarded under the IDIQ, a five-year, \$29 million contract to deliver full-motion video analysis. This is new work for CACI in its Intelligence Services market area.
- A prime position on a \$480 million multiple-award IDIQ contract for the Office of the Assistant Secretary of Defense for Special Operations and Low Intensity Conflict supporting Counter Narcotics and Global Threats. This four-year contract represents new work for CACI in multiple market areas, primarily Intelligence Systems and Support.
- Five IDIQs worth a combined ceiling value of approximately \$495 million with another classified customer, and on which CACI has already won more than \$44 million in task orders.
- A single-award IDIQ contract, with a ceiling value of \$77 million, to provide communications systems, satellite communications, and network support services to the Space and Naval Warfare Systems Center Atlantic in support of the U.S. Special Operations Command and other joint combat commands. The four-year contract represents continuing work in CACI's Communications market area.

Not included in the awards received in the quarter is the \$446 million Consolidated AFSCN Modifications, Maintenance and Operations (CAMMO) contract to provide operations, maintenance, and sustainment of the U.S. Air Force Satellite Control Network (AFSCN). The single-award, seven-year contract represents new work for CACI, expanding the company's presence in its Command and Control market area. This award was originally made in the fourth quarter of our FY16, protested, and successfully resolved in our favor.

Contract funding orders in the first quarter were \$1.2 billion. Our total backlog at September 30, 2016 was \$11.5 billion compared with \$11.0 billion at the end of the fourth quarter of FY16. Funded backlog at September 30, 2016 was \$2.4 billion compared with \$2.3 billion at June 30, 2016.

---

We enhanced our management team by adding two key leaders:

- Jennifer Mehall as Senior Vice President leading CACI's Background Investigations team supporting OPM. Ms. Mehall is well known in the OPM community and brings a strong track record of successful support for this customer.
- Antoine (Tony) Azar as Senior Vice President leading CACI's Health team. Mr. Azar brings proven leadership experience in managing large-scale health services organizations in support of CACI's expanding Health market business.

CACI Board of Directors member William L. Jews was named among the Most Influential Black Corporate Directors, the definitive listing of African-American executives, influencers, and achievers proactively impacting corporate America, by *Savoy Magazine*.

CACI, the Association of Old Crows, and the Center for Security Policy sponsored the well-attended Ninth Annual Asymmetric Threat Symposium: "Offset Strategies to Prevail Against Asymmetric Threats." A report will also be published with highlights of the proceedings.

### CACI Reiterates Its FY17 Guidance

We are reiterating the FY17 revenue and net income guidance we issued on August 17, 2016, and we are adjusting our guidance for diluted earnings per share and diluted weighted average shares. The table below summarizes our FY17 guidance ranges and represents our views as of October 26, 2016:

(In millions except for tax rate and earnings per share)	Current Fiscal Year 2017 Guidance	Previous Fiscal Year 2017 Guidance
Revenue	\$4,050 - \$4,250	\$4,050 - \$4,250
Net income	\$150 - \$160	\$150 - \$160
Effective corporate tax rate	37.5%	38.0%
Diluted earnings per share	\$5.98 - \$6.37	\$6.02 - \$6.43
Diluted weighted average shares	25.1	24.9

### Selected Financial Data (Continued)

#### Reconciliation of Net Income to Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) and to Adjusted Net Income (Unaudited)

The Company views Adjusted EBITDA, Adjusted EBITDA margin, Adjusted Net Income and Diluted Adjusted Earnings Per Share, all of which are defined as non-GAAP measures, as important indicators of performance, consistent with the manner in which management measures and forecasts the Company's performance. Adjusted EBITDA is a commonly used non-GAAP measure when comparing our results with those of other companies. We define Adjusted EBITDA as GAAP net income plus net interest expense, income taxes, depreciation and amortization, and earnout adjustments. We consider Adjusted EBITDA to be a useful metric for management and investors to evaluate and compare the ongoing operating performance of our business on a consistent basis across reporting periods, as it eliminates the effect of non-cash items such as depreciation of tangible assets, amortization of intangible assets primarily recognized in business combinations, as well as the effect of earnout gains and losses, which we do not believe are indicative of our core operating performance. Adjusted EBITDA margin is adjusted EBITDA divided by revenue. We define Adjusted Net Income as GAAP net income plus stock-based compensation expense, depreciation and amortization, amortization of financing costs, and earnout adjustments, net of related tax effects. We believe Adjusted Net Income is an important measure of long-term value and is used by investors to measure our

performance. This measure in particular assists readers in further understanding our results and trends from period-to-period by removing certain non-cash items that do not impact the cash flow performance of our business. Diluted Adjusted Earnings Per Share is Adjusted Net Income divided by diluted weighted-average shares, as reported. Adjusted EBITDA and Adjusted Net Income as defined by us may not be computed in the same manner as similarly titled measures used by other companies. These non-GAAP measures should not be considered in isolation or as a substitute for performance measures prepared in accordance with GAAP.
