CACI Reports Results for Its Fiscal 2020 Third Quarter

Revenue of \$1.5 billion, +15.9% year-over-year

Net income of \$80.6 million, +18.2% year-over-year

Robust cash flow from operations

Contract awards of \$1.4 billion

Reiterates Fiscal 2020 Guidance

ARLINGTON, Va.--(BUSINESS WIRE)--April 29, 2020--CACI International Inc (NYSE: CACI), a leading provider of expertise and technology to government enterprise and mission customers, announced results today for its third fiscal quarter ended March 31, 2020.

CEO Commentary and Outlook

John Mengucci, CACI's President and CEO, said, "As our nation navigates the COVID-19 pandemic, CACI is focused on taking all necessary actions to ensure the health and safety of our employees, to continue our unwavering commitment to our customers, to continue to operate the company in a fiscally responsible manner, and to support the communities in which we work and live."

Mr. Mengucci continued, "Our third quarter financial results were strong with robust revenue growth, strong profitability, healthy cash flow, and high levels of contract awards. We are well-positioned in a large addressable market, serving stable government customers with enduring national security priorities under long-term contracts. We remain confident in delivering on our commitments of organic growth, margin expansion, and creating enduring shareholder value."

COVID-19: Impact and Resiliency

We estimate the impact from COVID-19 in our third quarter was approximately \$10 million of revenue, \$6 million of operating income, and \$4.5 million of net income. This was driven primarily by CACI employees and subcontractors unable to access facilities due to COVID-19 and who could not telework.

Despite challenges from COVID-19, CACI's business remains operationally and financially resilient. CACI has a healthy balance sheet, holds appropriate debt levels at 2.8 times our trailing twelve-months EBITDA, and generates strong cash flow. In addition, CACI has access to significant liquidity of about \$835 million through its credit facility with very manageable covenants.

Third Quarter Results

(in millions except earnings per share and DSO)	Q3, FY20	Q3, FY19	% Change
Revenue	\$1,465.6	\$1,265.0	15.9%
Operating income	\$113.7	\$94.9	19.8%
Net income	\$80.6	\$68.1	18.2%
Diluted earnings per share	\$3.16	\$2.69	17.6%
Net cash provided by operating activities excluding MARPA ¹	\$124.7	\$113.3	10.1%
Adjusted earnings before interest, taxes, depreciation and amortization (EBITDA), a non-GAAP measure ²	\$141.4	\$118.0	19.9%
Days sales outstanding (DSO) ³	57	66	

(1) Third quarter FY19 and third quarter FY20 net cash provided by operating activities exclude CACI's Master Accounts Receivable Purchase Agreement (MARPA). For more details, see the Reconciliation of Net Cash Provided by Operating Activities to Net Cash Provided by Operating Activities Excluding MARPA on page 9 of this release.

(2) See the Reconciliation of Net Income to Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) on page 9 of this release.

(3) The DSO calculations for third quarter FY19 and third quarter FY20 exclude the impact of the Company's MARPA, which was 9 days and 8 days, respectively.

The year-over-year increase in Q3 FY20 net income was due to higher revenue and operating income, partially offset by higher interest expense and a higher effective tax rate. The increase in cash from operations, excluding MARPA, was driven by higher net income and lower DSO as a result of enhanced billing and collections processes.

Third Quarter Contract Awards

Contract awards in Q3 FY20 totaled \$1.4 billion. Approximately 50% of contract award value is for new business to CACI. These awards exclude ceiling values of multi-award, indefinite delivery, indefinite quantity (IDIQ) contracts. Some notable awards during the quarter were:

- A six-year, single-award task order, with a ceiling value of nearly \$249 million, to provide mission expertise to U.S. Africa Command (AFRICOM) for operations, planning, and training support.
- A five-year, single-award task order, awarded under the SeaPort-NxG contract vehicle, with a ceiling value of more than \$83 million, by the U.S. Navy to provide expanded mission expertise, including engineering, technical, and planning expertise to the Portsmouth Naval Shipyard in Kittery, Maine.
- A prime position on a multiple-award, indefinite delivery/indefinite quantity contract, with a ceiling value of \$249 million, by the Naval Sea Systems Command, to provide mission expertise related to analyses and initiatives that improve effectiveness, efficiency, and affordability in ship design, manufacturing, and lifecycle support.
- A five-year, six-month, if all options are exercised, single award, indefinite-delivery/indefinite-quantity contract, with a ceiling value of more than \$199 million, to provide the U.S. Navy with mission expertise to support special operations communications systems, satellite communications and network support services.
- In March 2020, CACI's team assisted the Army in completing the first deployment of the Integrated Personnel and Pay System-Army (IPPS-A) application to the Army National Guard, bringing the total number of users to more than 340,000. CACI has also begun to build the next release of the IPPS-A application for the Reserve and Active Duty Soldiers, which will increase the number of users to approximately 1,200,000.

Total backlog as of March 31, 2020 was \$19.9 billion compared with \$14.9 billion a year ago, an increase of 34%. Funded backlog as of March 31, 2020 was \$3.0 billion compared with \$2.9 billion a year ago, an increase of 3%.

Additional Highlights

- CACI appointed Susan M. "Sue" Gordon to CACI's Board of Directors. Ms. Gordon has served in senior leadership positions across numerous intelligence organizations. She brings more than 30 years of leadership across a broad spectrum of complex issues, most notably in the development of innovative technology and transformative outcomes for the Intelligence Community.
- CACI was honored by The Global M&A Network with two awards for the successful acquisition of LGS Innovations: the M&A Atlas award for Corporate Deal of the Year in the Large Market category for its completion, and the Corporate Growth Dealmaker Award for CACI Executive Vice President and Chief Development Officer Michael Lewis for his role in its execution.
- Fortune magazine recognized CACI as one of the World's Most Admired Companies for 2020, CACI's ninth time appearing on the list. CACI ranked seventh among Information Technology Services companies worldwide.
- CACI named Daniel Walsh, who most recently served as White House Deputy Chief of Staff, a Corporate Strategic Advisor and Senior Vice President to support the development of CACI's national defense and homeland security business strategy. Mr. Walsh will help to enhance CACI's position in the national security market and help to expand key client relationships.

Reiterating FY20 Guidance

CACI's business continues to perform well despite the COVID-19 pandemic. While there are some impacts and uncertainties as a result of COVID-19, we believe these effects are reflected in our previously-provided guidance ranges. The table below summarizes our FY20 guidance and represents our views as of April 29, 2020.

**Reconciliation of Net Cash Provided by Operating Activities to
Net Cash Provided by Operating Activities Excluding MARPA
(Unaudited)**

The Company defines net cash provided by operating activities excluding CACI's Master Accounts Receivable Purchase Agreement (MARPA) as net cash provided by operating activities calculated in accordance with GAAP, adjusted to exclude net cash received from CACI's MARPA for the sale of certain designated eligible U.S. government receivables. Under the MARPA, the Company can sell eligible receivables, including certain billed and unbilled receivables up to a maximum amount of \$200.0 million. The Company provides net cash provided by operating activities excluding MARPA to allow investors to more easily compare current period results to prior period results and to results of our peers. This non-GAAP measure should not be considered in isolation or as a substitute for performance measures prepared in accordance with GAAP.

	Quarter Ended 3/31/2020	Quarter Ended 3/31/2019
(dollars in thousands)		
Net cash provided by operating activities	\$ 120,800	\$ 313,301

Net cash provided by operating activities excluding MARPA	\$ 124,738	\$ 113,301

**Reconciliation of Net Income to Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA)
(Unaudited)**

The Company views Adjusted EBITDA and Adjusted EBITDA margin, both of which are defined as non-GAAP measures, as important indicators of performance, consistent with the manner in which management measures and forecasts the Company's performance. Adjusted EBITDA is a commonly used non-GAAP measure when comparing our results with those of other companies. We define Adjusted EBITDA as GAAP net income plus net interest expense, income taxes, depreciation and amortization expense, including depreciation within direct costs, and earnout adjustments. We consider Adjusted EBITDA to be a useful metric for management and investors to evaluate and compare the ongoing operating performance of our business on a consistent basis across reporting periods, as it eliminates the effect of non-cash items such as depreciation of tangible assets, amortization of intangible assets primarily recognized in business combinations, as well as the effect of earnout gains and losses, which we do not believe are indicative of our core operating performance. Adjusted EBITDA margin is adjusted EBITDA divided by revenue. These non-GAAP measures should not be considered in isolation or as a substitute for performance measures prepared in accordance with GAAP.
