RESTON, Va.--([BUSINESS WIRE](#))--CACI International Inc (NYSE: CACI), a leading provider of expertise and technology to government enterprise and mission customers, announced results today for its fiscal third quarter ended March 31, 2023.

John Mengucci, CACI President and Chief Executive Officer, said, "Our third quarter results demonstrate the continued successful execution of our strategy. We delivered double-digit revenue growth, strong profitability, and solid cash flow. CACI is winning and executing in the marketplace with differentiated Technology and Expertise, growing our backlog, and pursuing a strong pipeline of additional opportunities. Given our year-to-date performance and strong position, we are raising our fiscal year 2023 revenue and earnings guidance."

## Third Quarter Results

<i>(in millions, except earnings per share and DSO)</i>	Three Months Ended

- (1) This non-GAAP measure should not be considered in isolation or as a substitute for measures prepared in accordance with GAAP. For additional information regarding this non-GAAP measure, see the related explanation and reconciliation to the GAAP measure included below in this release.
- (2) The DSO calculations for three months ended March 31, 2023 and 2022 exclude the impact of the Company's Master Accounts Receivable Purchase Agreement (MARPA), which was 6 days and 8 days, respectively.

Revenues in the third quarter of fiscal year 2023 increased 10 percent year-over-year, driven entirely by organic growth. The increase in income from operations was driven by higher revenue and gross profit. Diluted earnings per share and adjusted diluted earnings per share increased due to higher operating income, partially offset by higher interest expense and a higher tax rate. Net cash provided by operating activities excluding MARPA and free cash flow decreased primarily as a result of tax benefits from method changes in the year ago quarter.

## Third Quarter Contract Awards

Contract awards in the third quarter totaled \$1.1 billion, with approximately 50 percent for new business to CACI. Awards exclude ceiling values of multi-award, indefinite delivery, indefinite quantity (IDIQ) contracts. Some notable awards during the quarter were:

- CACI was awarded a \$100 million extension to continue mission software development support for the Air Force Distributed Common Ground System (DCGS) program. DCGS is the Air Force's primary intelligence, surveillance and reconnaissance (ISR) planning and direction, collection, processing and exploitation, analysis and dissemination (PCPAD) weapon system. The system employs a global communications architecture that connects multiple intelligence platforms and sensors. The contract extension allows CACI to continue to enhance and modernize system capabilities with tools that enable warfighters to process and disseminate intelligence data.

- CACI was awarded a \$46 million single-award task order to provide mission expertise and analysis in science, technology, engineering, and mathematics (STEM) categories to support the Department of Defense (DoD) and Intelligence Community (IC).

Total backlog as of March 31, 2023 was \$25.3 billion compared with \$23.5 billion a year ago, an increase of 8 percent. Funded backlog as of March 31, 2023 was \$3.4 billion compared with \$2.8 billion a year ago, an increase of 21 percent.

### Additional Highlights

- CACI was awarded Top Workplace USA 2023 by employee engagement technology partner Energage, LLC for the third consecutive year. Honorees are chosen based solely on employee feedback gathered through a confidential employee engagement survey, issued by Energage. Results are calculated by comparing the survey's research-based statements, that evaluate factors such as leadership, culture, and benefits that are proven to predict high performance, against industry benchmarks.
- CACI was recognized by *Fortune* magazine as a World's Most Admired Companies for 2023 commemorating CACI's 6th consecutive year on the list and its 12th appearance since the list's inception. CACI received top rankings in *Fortune's* survey criteria for the quality of its technology and expertise offerings and management. CACI was also recognized for its long-term investment value. CACI was chosen from among approximately 1,500 global companies considered by *Fortune*.
- Thirteen CACI employees were honored for their excellence in science, technology, engineering, and math (STEM) at the 37th annual Global Competitiveness Conference for the Black Engineer of the Year Awards (BEYA), including one who accepted the coveted Community Service Award. CACI is a supporter of BEYA's mission and a corporate sponsor of the conference. As part of its diversity and inclusion efforts, CACI partners with BEYA to help expand the company's networking, recruitment, and career development opportunities.
- CACI signed a five-year cooperative research & development agreement (CRADA) with the U.S. Army Space and Missile Defense Technical Center (USASMDC-TC) to further the development of advanced payload technologies, space sensor applications, and resilient Positioning, Navigation & Timing (PNT). The payload includes two software-defined technology applications that enable precise, resilient PNT and tactical signals intelligence (TaciSR) capabilities while in low earth orbit (LEO).
- CACI successfully demonstrated its Spectral Sieve and Pit Viper low-size, weight, and power (SWaP) intelligence, surveillance, and reconnaissance (ISR) and electronic warfare (EW) technologies for small to medium unmanned aircraft systems (UAS) at the U.S. Army's Project Convergence Technology Gateway. CACI delivered real-time situational awareness and targeting information for commanders through direction-finding, geolocation, and active cyber effects.
- The Intelligence and National Security Alliance (INSA) named Todd Probert, CACI President of National Security and Innovative Solutions, to its Board of Directors. Probert will serve a three-year term, effective January 1, 2023. INSA is the leading nonpartisan, nonprofit forum for driving public-private partnerships to advance intelligence and national security priorities.

### Fiscal Year 2023 Guidance

The table below summarizes our fiscal year 2023 guidance and represents our views as of April 26, 2023. Free cash flow guidance reflects the delay of a \$40 million tax refund related to the previously-disclosed tax method changes.

(in millions, except earnings per share)	Fiscal Year 2023	
	Current Guidance	Prior Guidance
Revenues	\$6,675 - \$6,750	\$6,475 - \$6,675
Adjusted net income, a non-GAAP measure <sup>1</sup>	\$425 - \$440	\$420 - \$440
Adjusted diluted earnings per share, a non-GAAP measure <sup>1</sup>	\$18.09 - \$18.72	\$17.65 - \$18.49
Diluted weighted average shares	23.5	23.8
Free cash flow, a non-GAAP measure <sup>2</sup>	at least \$280	at least \$320

- (1) Adjusted net income and adjusted diluted earnings per share are defined as GAAP net income and GAAP diluted EPS, respectively, excluding intangible amortization expense and the related tax impact. This non-GAAP measure should not be considered in isolation or as a substitute for measures prepared in accordance with GAAP. For additional information regarding this non-GAAP measure, see the related explanation and reconciliation to the GAAP measure included below in this release.
- (2) Free cash flow is defined as net cash provided by operating activities excluding MARPA, less payments for capital expenditures (capex). This non-GAAP measure should not be considered in isolation or as a substitute for measures prepared in accordance with GAAP. Fiscal year 2023 free cash flow guidance assumes \$95 million in tax payments related to Section 174 of the Tax Cuts and Jobs Act of 2017. For additional information regarding this non-GAAP measure, see the related explanation and reconciliation to the GAAP measure included below in this release.

### Conference Call Information

We have scheduled a conference call for 8:00 AM Eastern Time Thursday, April 27, 2023 during which members of our senior management will be making a brief presentation focusing on third quarter results and operating trends, followed by a question-and-answer session. You can listen to the webcast and view the accompanying exhibits on CACI's investor relations website at <http://investor.caci.com/events/default.aspx> at the scheduled time. A replay of the call will also be available on CACI's investor relations website at <http://investor.caci.com/>.

### Reconciliation of Net Income to Adjusted Net Income and Diluted EPS to Adjusted Diluted EPS (Unaudited)

Adjusted net income and Adjusted diluted EPS are non-GAAP performance measures. We define Adjusted net income and Adjusted diluted EPS as GAAP net income and GAAP diluted EPS, respectively, excluding intangible amortization expense and the related tax impact as we do not consider intangible amortization expense to be indicative of our core operating performance. We believe that these performance measures provide management and investors with useful information in assessing trends in our ongoing operating performance, provide greater visibility in understanding the long-term financial performance of the Company, and allow investors to more easily compare our results to results of our peers. These non-GAAP measures should not be considered in isolation or as a substitute for performance measures prepared in accordance with GAAP.
