

## CACI Awarded a \$416 Million Task Order to Sustain and Modernize Systems for the U.S. Navy

RESTON, Va.--(BUSINESS WIRE)-- CACI International Inc ([NYSE: CACI](#)) announced today that it has secured a five-year, single-award task order valued at up to \$416 million to provide technology to the U.S. Navy's Naval Sea Systems Command (NAVSEA) Navy Maritime Maintenance Enterprise Solution (NMMES) program. This SeaPort-Next Generation (NxG) task order underscores CACI's commitment to supporting the Navy's and the Department of Defense's (DoD) state-of-the-art, resilient, and secure maritime force.

"We are proud to extend our more than six decades of support and long-standing relationship with the U.S. Navy with this latest award," said [John Menguucci](#), CACI President and Chief Executive Officer. "Modernizing the Navy's IT systems empowers them to make data-driven decisions, optimize resource allocation, and quickly implement critical capabilities to protect our coasts. Our deep understanding of the Navy's specific needs, coupled with a proven past performance, positions us to provide exceptional value to this critical mission."

CACI will leverage its comprehensive knowledge in Industry 4.0 technologies and Agile software development to modernize and optimize the Navy's IT infrastructure and applications. CACI's Agile Solution Factory, a proven framework for delivering innovative solutions at speed and scale, will be instrumental in transitioning legacy IT systems to a unified, cloud-first enterprise solution that will enhance the Navy's ability to sustain ship readiness, reduce maintenance costs, and improve operational efficiency.
